NOVA: Ancient Builders of the Amazon

July 10 at 9PM

Explode the myth of the Amazon as merely a primeval wilderness. Recent archaeological discoveries are revealing traces of ancient civilizations that flourished there for centuries. Dense settlements indicate populations in the millions with complex social networks supported by sophisticated agricultural systems, huge geometric earthworks, and roadways. The evidence is now clear that human hands have shaped the Amazon for millennia.

Murder Mystery Thursdays!

Thursdays are for solving crimes, and the lineup of murder mysteries this month won't disappoint.

Starting July 11 at 8PM, join the stylish Phyrne Fisher on *Miss Fisher's Murder Mysteries* as she takes on tough crime in 1920s Melbourne with her trademark wit and signature pearl-handled pistol. Watch Phyrne grapple with social injustice and solve shocking crimes without ever losing her cool.

At 9PM, a new series, *The Madame Blanc Mysteries*, takes to the airwaves and promises just as much style and substance. Antiques expert Jean White moves to France suspicious of how her husband died and uses her skills to aid the local police, simultaneously bonding with the town's popular taxi driver.

And if you can't get enough mystery, stay tuned at 9:50PM for *Agatha Christie: Lucy Worsley on the Mystery Queen*, a 3-part in-depth look at the complex Queen of Crime whose life and work reflects the upheavals of the 20th century.

Thursdays are sure to bring out the sleuth in all of us!

**IF WE CAN OPEN UP HEARTS,
LET'S OPEN OUR HEARTS.**

Believe in Better.

Better health takes more than health care.

Physical health is only one aspect of overall health. Our mental well-being is every bit as important. That's why we're proud to offer the RESTART Trauma Recovery Program, helping trauma survivors learn coping skills to manage and overcome anxiety and depression. We've also introduced the Early Psychosis education and outreach program to our communities — which stresses early intervention before a crisis occurs.
