A little about a long-standing local travel company...

In 1979, a new travel company was born in Sacramento. Originally known as **Sports Travel**, we took fans to baseball games in Oakland and San Francisco. Later, as our travelers asked us to take them to other destinations, we became **Sports Leisure Travel**, and finally, in 1998 **Sports Leisure Vacations**.

Did you know less than 1% of all businesses make it past 40 years? We have done our best to honor your 45 years of support, and regularly invest in our community. Besides **Broadway Sacramento, The Music Circus and Public Television (KVIE Channel 6)**, we proudly share our profits by supporting dozens of local charities and arts organizations. Does the company you travel with support **our** community?

When you call us on the phone (during business hours), we answer. We don't have a "bot" deflecting calls. We aren't a big, over-stuffed, on-line travel company. We are local folks who have proudly built a following over three generations, selling tour packages we create ourselves. Same Owner for 45 years. Same President for 31 years. Many longtime staff members. There is no substitute for experience. It's been a wonderful journey, and here's to **OUR** future together!

LEONARDO DA VINCI

A FILM BY KEN BURNS,
SARAH BURNS, AND DAVID McMAHON

November 18 & 19 at 8PM

Explore the life and work of 15th-century polymath Leonardo di ser Piero da Vinci, best known as Leonardo da Vinci, in this new 2-part documentary by Ken Burns, Sarah Burns, and David McMahon.

From his birth out of wedlock to a notary and peasant woman and apprenticeship to a distinguished Florentine painter, to his days as a military architect, cartographer, sculptor, and muralist for hire, the film will offer an intimate portrait of a singular visionary whose “Mona Lisa,” “The Last Supper,” and “The Vitruvian Man” are among the most celebrated works known to humankind – but whose artistic endeavors sometimes seemed an afterthought to his pursuits in science and engineering.

Set against the rich and dynamic backdrop of Renaissance Italy at a time of skepticism and free-thinking, regional war, and religious upheaval, *Leonardo da Vinci* will bring da Vinci and his towering achievements to life through his voluminous personal notebooks, primary and secondary accounts of his life and times, and on-camera interviews with modern scholars, artists, engineers, inventors, and admirers.

Episodes will premiere at 8PM and repeat immediately following the first broadcast. Both episodes will be available to stream for free on our PBS app starting the evening of November 18.

IF WE CAN OPEN UP HEARTS,
LET'S OPEN OUR HEARTS.

Believe in Better.

Better health takes more than health care.

Physical health is only one aspect of overall health. Our mental well-being is every bit as important. That's why we're proud to offer the RESTART Trauma Recovery Program, helping trauma survivors learn coping skills to manage and overcome anxiety and depression. We've also introduced the Early Psychosis education and outreach program to our communities — which stresses early intervention before a crisis occurs.

Visit us online to see all the ways we're making breakthroughs in the name of mental health.
